**DISCLOSURE AND RELEASE FORM**

I, the undersigned, understand that Patty Guzman is certified by the Lionheart Institute as an Energy Healing Therapist. She has 5 years of training with Lionheart Institute of Transpersonal Energy Healing as well as other bodywork trainings. She is not a physician, psychologist or licensed as a psychotherapist. I, therefore, am not seeking diagnosis for any mental or emotional disorder. I am voluntarily requesting holistic counseling and energy healing. The treatment is alternative and/or complementary to licensed healing services. Such practice is fully permissible under the California State Senate Bill SB577, Bus and Prof Code 2053.6.

I am advised to maintain appropriate care and treatment from my medical doctor(s), chiropractor, acupuncturist, psychologist or any other caregivers in order to maintain an effective network of health care on all levels.

I take full responsibility for how I choose to interpret and implement all information and experience derived from any sessions I may have with Patty Guzman. I am responsible for my own life, choices and actions.

I, the undersigned, therefore, release Patty Guzman from all liability, demands, claims, actions, loss, costs, risk, or compensation for indirect, incidental or consequential damages whether physical, mental or practical, resulting from initial and succeeding sessions. I have read this agreement and fully understand its contents. I am aware this is a release of liability and a contract between Patty Guzman and me and I sign it of my own free will.
